

HOW CAN PARENTS HELP

Ideas Suggested by GCAC Sunday School Teachers

In order to help your child to learn God's words and feel His love in our church, parents can:

1. Bring your child to Sunday school on time. Sunday school starts at 10:00 a.m.
2. Remind your child to bring the Bible when he/she comes to Sunday school
3. Show your interest by asking some questions during Sunday luncheon or on the way home from Sunday school. Some questions could be "Could you describe the story you learned today?" "What Bible verses have you memorized?" "How do you like the project done in the classroom?"
4. Sharing with your child about God's words and love you received
5. Praying with your child daily and keeping our Sunday school teachers in your prayer

6. Being a role model of studying Bible daily, talking about God's words often, serving God willingly, and expressing God's love constantly
