

# How to provide fun and meaningful activities in your classroom?

Effective Tips from GCAC Workers

- Prepare lesson ahead and plan well, such as being familiar with the stories and having craft materials ready for use, thinking out of the box and searching other activities according to your children's interests
- Read stories expressively or use props and visual aids to present the stories
- Connect stories with real life examples and your personal testimonies
- Use games to teach and review the bible verses and stories
